Business Consultation

We offer a full range of consulting services specifically tailored to small and medium-size privately held companies. Whether you're a solo entrepreneur or have 20 employees, our services help you establish, grow and manage your business.

In order to make wise and profitable decisions, it is imperative to have a thorough business audit.

Our business auditors are trained to perform an exhaustive diagnostic study of the business. An in-depth examination is performed including financial, operational and sales functions of business to identify strengths and deficiencies and provide recommendations for improvement. Thereafter, our business auditor determines the hours required to accomplish the engagement objectives.

We help you plan, develop and implement:

- Corporate Structure
- Business Strategies.
- Marketing Strategies
- Cash Management
- Operations Management
- Technology Management
- Tax Planning
- eBusiness Marketing

Leveraging over 30 years of combined knowledge in the consulting profession, we offer broad experience outside your industry that will benefit your organization. Our consultants are more inclined to “think outside the box” and develop creative solutions than someone who just works within your industry.

Tax and Accounting Services

We focus on providing accurate tax preparation, bookkeeping service, payroll service, custom training lessons and set up for QuickBooks accounting software. We take the hard work of data entries out of your business and allow you to spend more time on what you do best - running your business.

Bookkeeping

We have two main packages - Standard and All-In-One Package. The Standard Package comes with the usual bookkeeping features while the All-In-One Package combines both bookkeeping and payroll service into one package to provide our clients better savings.

Payroll Service

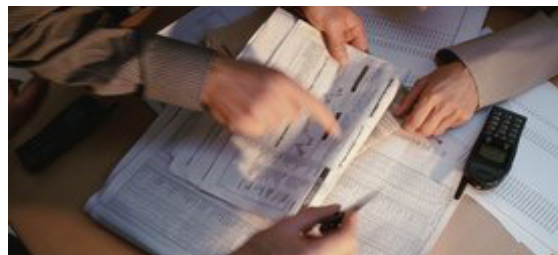

We focus on providing quality payroll services at an affordable price to small and mid-size companies by making payroll processing easier and more convenient to business owners. Our pricing structures are designed to accommodate all types of businesses.

Tax Preparation

We offer a full range of tax planning and compliance services. We will work with you year-round if necessary in order to minimize your total tax liabilities. Our tax advisors also prepare all federal, state and local tax returns for individuals and businesses.

QuickBooks® Consultation

Our QuickBooks® Professional consultant can set up your QuickBooks® quickly and accurately for your business. The consultant will create your company file and have QuickBooks running in minutes. You will be up and running in no time.

Immigration Services

Our firm prides itself on providing effective, efficient reliable legal solutions in all areas of U.S. immigration, and related matters. Our affiliation of attorneys are prepared to handle any and every type of immigration situation, in corporate and personal immigration matters.

We attempt to find ways to make the process easier for you and your employees to ensure that petitions and applications are filed efficiently and accurately.

Utilizing the latest technology, and with its highly developed network of national offices, our multilingual team applies its expertise and resources in assisting clients through the U.S. immigration maze, not only in immigration law, but also in dealing with governmental and administrative agencies.

The following are some of the most common immigration processes:

- Family based
- Employment based
- Investor
- Visa Lottery
- Special Immigrant
- Citizenship

We specialize in full consulting services for immigration business visa matters in the United States. We can assist investors in venture capital, business start-ups or investment acquisition. All consultation pertaining to immigration matters will be as a result of direct or indirect communication with our affiliated immigration attorneys.
